

# Sapphire WORKWEAR

---

## Our Strength is Your Advantage

Your customers demand the very best. Sapphire has everything you need to ensure you provide it consistently and reliably... and profitably.

From industrial workwear that exceeds the most exacting specifications, to institutional and uniform clothing that delights your customers with its quality and durability, Sapphire has the experience, expertise and capacity to give you one window into excellence at competitive prices.

## Our size is your strength

Sapphire Workwear is a division of the leading textile company in the historic capital of cotton, known for more than 50 years for the quality of our yarns, our fabrics and our service. We have incorporated expertise in the latest technologies from around the world, and have grown to employ more than 14,000 skilled workers. That financial stability includes our ability to maintain a large in-stock supply of fabric, and is just one of the reasons for the trust buyers have in us.

## Our integration is your strength

Our vertically integrated production means streamlined delivery, quality control at every step and savings for you. And it means you can get complete finished products without having to manage multiple sources.

## Our sourcing is your strength

As well as our longstanding expertise in sourcing the best cotton from around the world, we're also close to our guaranteed access to the finest local fibres and to Asian suppliers of other components. You can rely on receiving garments that are consistently made from the specified materials.

How modern are our manufacturing facilities? How deep and broad is our technical expertise? What innovation can we provide? How satisfied are our customers?

The more you find out about Sapphire, the more strengths you'll find.

SAPPHIRE FINISHING MILLS

WORKWEAR  
ADVANTAGE®

Sapphire

## Some of your *Sapphire* advantages

- You deal with sales and service staff who fully understand the technical and financial aspects of fabric and clothing production, and are available to you wherever you are and whenever you need us.
- Your garments are manufactured to exceed your standards, with fabric tested in-house for strength, light fastness, pilling, abrasion, colour fastness, crocking, stretch and durability press rating, as well as any other specifications you set. Quality is assured to ISO9001-2008 measures.
- You can rely on our procurement of the best fibres from around the world, along with all garment components. And our integrated supply, spinning, fabric and stitching processes ensure consistent quality and reliable delivery.
- You can get our assistance with any innovation, and our research and development expertise also means we're ready to deliver to any existing specifications.
- You get the benefits of our 50 years experience, and our commitment to using the most modern manufacturing tools and methods.
- You can choose from a complete range of cottons and poly-cottons, and any dye and finish possibilities, to ensure you get the perfect fabric to match the purpose of your garments.
- You can be proud of your supplier's leading example for both environmental stewardship and labour standards. Our mills are ISO14001-2004 (environmental management system) compliant and meet SA8000-2008 standards for workplace conditions. Our GOTS and OE100 certifications cover our organic cotton purity. And we ensure social and environmental sustainability through BSR auditing.

Sapphire

**WORKWEAR**<sup>®</sup>  
ADVANTAGE  
Collection

## SmartGarment<sup>®</sup> Innovations

Sometimes there's a need a need for something special. Something new.

Using an array of exciting new fabrics, we've developed unique workwear for specialized uses that include high visibility, anti-static, bi-stretch and even recycled and organic materials.

Our scientists are ready for you to challenge us to create first-of-a-kind workwear specifically for your customers' needs.

Take advantage of the best quality and the best value in workwear innovations.

With leading-edge technology and expertise at every step, we have the fibre and the factories to spin, weave, dye and finish millions of yards a month of the best quality fabrics.

What we deliver is consistent, reliable value.

Ask Sapphire Workwear to stitch it all together for your customers. They'll appreciate the quality, and your accountants will thank you.
